HYDROTHERAPY TREADMILL

MOVE
BETTER.
RECOVER
FASTER.
PERFORM
STRONGER.

A next-generation **water-based chamber** treadmill that combines advanced treadmill technology with the therapeutic power of water. Designed with **304-grade stainless steel and glass**, Hydro Physio supports faster recovery, improved mobility, and enhanced overall performance.

Ideal for **rehabilitation, fitness and sports performance**, Hydro Physio helps individuals return to movement sooner often before traditional dry therapy begins.

Perfect For

• Rehabilitation • Medical Therapy • Sports Recovery • Fitness & Performance

Key Advantages:

-  Low-impact movement with joint support (buoyancy)
-  Relaxed muscles & improved flexibility (warm water)
-  Higher resistance for strength & calorie burn
-  Better circulation & muscle activation (hydrostatic pressure)
-  Improved balance & freedom of movement

Results:

- Faster recovery
- Reduced pain & stress
- Improved mobility, strength & confidence
- Better mental wellbeing

HYDROTHERAPY TREADMILL – DESCRIPTION

- Built with **SS 304 stainless steel** for durability and corrosion resistance
- Spacious **water chamber (W32 × L54 × H53 inches)** for comfortable movement
- Compact **machine size (W33 × L60 × H66 inches)**
- **2000-liter water capacity** for optimal hydrotherapy performance
- **7-inch Mitsubishi touchscreen** for easy operation
- Advanced **sand & UV filtration system** for clean, hygienic water
- **Automatic temperature control** up to 37°C
- **Automatic water level control**
- **Mitsubishi (Japan) controller** for precise performance
- Speed range from **0.05 km/h to 10 km/h**
- **Programmable presets** for customized therapy sessions
- Optional Jacuzzi & lighting features
- Corrosion-resistant bearings for long-lasting use
- After compact machine size Machine size customisable
